### Barossa and Southern Industry Leaders Group Forum- Adaptive Capacity of the Workforce

#### What is Workforce Adaptive Capacity?

The challenge to both industry and individuals in regional South Australia is the seasonal nature of employment, which results in a lack of job security for the employee, and a regular loss of skills and experience for the employer.

With this challenge in mind, we have invited Professor John Buchanan from the University of Sydney, and a member of the South Australian Training and Skills Commission, to present regarding the development of a multi-skilled workforce through increasing 'adaptive capacity'. Following his presentation, a workshop will be facilitated to further explore the challenges and opportunities of a move toward a workforce that can be shared across industries.

**Wednesday August 6th, 2014 - 6.30 - 9.30 pm**

**Novotel Barossa Valley Resort, Goldlinks Rd, Rowland Flat**

**Cost: Free**

**Bookings Essential: [Book Now!](#)**

### City of Onkaparinga Opportunity for Local Businesses

**Royal Adelaide Show 5 -14 September 2014**

**Seeking expressions of interest from any local businesses in our city that may be interested in participating in a promotional display at this year's Royal Adelaide Show.**

The show will be held from the 5-14 September and is the largest consumer show in the state.

With more than 750,000 estimated visitors over the ten day period, those that are selected to participate are presented with a unique opportunity to promote their business and product and activate their business brand.

The City of Onkaparinga are seeking expressions of interest from a broad cross-section of business from any of the following industries to adequately promote and reflect our city: Manufacturing, Agriculture, Viticulture, Construction, Property development, Professional development and services, Education and workforce development, Medical Tourism and Hospitality

### **Offer and Conditions**

As we aim to present a diverse overview of businesses from within our city and we hope to receive a good response, we will apply the following approach:

- Should we receive expressions from several businesses from one location or from one sector, selection will be based on a blind pick (i.e. Lucky Draw) and not any one business in particular.
  - If selected, business owners/representatives will be required to participate in a rostered attendance of the display to support in ensuring the site is secure and professionally presented during show operating times (9am- 9pm daily).
  - If your business is not selected we will contact you to discuss other opportunities for you to be involved and promote your business.
- If your expression of interest is accepted your business will receive a 1m x 2.4m display panel within a 6m x 3m site, at a cost of \$650

### **How to get involved: next steps**

To be considered for this opportunity please complete the attached 'Expression of Interest' form return it to

**Phillip Tanner, Economic Development Officer**

**via email at [phitan@onkaparinga.sa.gov.au](mailto:phitan@onkaparinga.sa.gov.au) by no later than 3pm, Monday 4 August 2014**

### **Wakefield Grange Nose to Tail Campaign**

The Nose to Tail Campaign aims to help Wakefield Grange create an on-site facility in which to produce a wide range of house-cured smallgoods and farm fresh charcuterie products.

In addition, the commercial kitchen will not only enable Wakefield Grange to produce its own range of unique charcuterie products, but it will also be available to lease by other primary producers who want to sell their wares to the public. It is also envisaged that the kitchen will be the venue for a variety of on-farm community and education events hosted by Wakefield Grange.

The curing room will be used to produce in-house traditionally cured smallgoods such as biltong, prosciutto, chorizo and bacon, providing a valuable addition to the range of sustainably-produced, locally-reared meat on offer to Adelaide food lovers who want to enjoy farm fresh produce.

The Nose To Tail Campaign, which commences on 20 June, aims to raise \$30,000 from funders before August 19. People who wish to make a pledge can do so by visiting <http://pozi.be/wakefieldgrange> from 20 June onwards. In the meantime, you can keep up with the latest from Wakefield Grange by following on [Facebook](#), [Twitter](#) and [Instagram](#).

In recognition of their support, Wakefield Grange is offering funders a range of tempting Rewards, ranging from fresh meat, smallgoods and charcuterie products, to butchery classes, farmgate shop vouchers and tickets to on-farm events

### **Export Readiness Indicator**

DMITRE have just put the Export Readiness Indicator on their DMITRE website:

[http://www.dmitre.sa.gov.au/small\\_business/export\\_readiness\\_indicator](http://www.dmitre.sa.gov.au/small_business/export_readiness_indicator)

The indicator will be a useful tool to assist potential exporters determine their level of understanding and capacity to export before starting any capacity development programs.

The tool produces a pdf report that business advisors can review with the business to discuss areas where the need to concentrate on.

The tool currently recommends users to go to Austrade for more advice on exporting and/or to DMITRE's Trade website for further information on export support programs i.e. Gateway program and Tradestart.
